

Lion Services Ltd. collaborates with NOIDA Authority to offer Integrated Mechanized & Manual Sweeping of Roads- Phase 1, 62.4 km

~ After successfully operating numerous cleaning projects, Lion Services Ltd. is now geared up to clean NOIDA starting January 21st, 2021~

Noida, XX: **Lion Services Ltd, the flagship company of Global Excellence Group offering integrated municipal services and facilities management across India** has announced collaboration with NOIDA (New Okhla Industrial Development Authority) – for a project of Integrated mechanised and manual sweeping of roads, Phase I, 62.4 km. Under the proposed agreement, the project will ensure proper upkeep of city infrastructure while building commitment for a cleaner NOIDA.

The project aimed at maintaining and beautifying the unique city infrastructure has been awarded to Lion Services Limited for a period of 6 years wherein the key deliverables will include integrated mechanized and manual sweeping of more than 20 prime locations like MP-1 Rajnigandha to 12/56 T point, MP-2 Sec. 18, Underpass to RTO Office Underpass, MP-3 Kalindikunj to Hindan river, DSC road Ashok Nagar to Sec. 37 Underpass among others.

“We are thankful to NOIDA Authority for trusting us with the project and giving us the opportunity to contribute towards the growth of the city. As a community, we should understand that city sanitation and hygiene is not just limited to cleaning infrastructure but is also about transforming perspectives and inculcating behavioural change. That’s why all our projects have an underlying component of making local people aware and encourage a behavioural change towards maintaining cleanliness in our surroundings.” said, **Sunil Singh, Chief Executive Officer, Lion Services Ltd.**

The project will be executed in two phases, the first being, Operational planning which will include a thorough survey & GIS mapping of roads, beat creation and testing, mechanized sweeping route planning, emergency response planning, contingency planning for support fleet, and manpower deployment planning along with setting up an Operations Command Centre, a speciality of LSL, for real-time tracking and monitoring of on-ground operations. The second phase is the project execution phase, in which an on-ground training of the operations team will be conducted followed by delegation of duties and responsibilities, assigning of beats to the supervisors and executives. The implementation of all operational activities and processes on the basis of daily /weekly/monthly/yearly reporting formats will be finalized as per the tender requirements and company’s SOP.

Speaking on the occasion, **Mrs. Ritu Maheshwari, Chief Executive Officer, NOIDA Authority**, said “We expect that our partnership with Lion Services Limited will help in creating social value that’ll benefit the people of NOIDA for many years to come. We look forward to seeing the project come to life with the team’s rich experience in municipal operations and infrastructure projects for the growth of NOIDA city.”

Lion Services Limited has always believed in actions that resound with sustainable development and make a world of difference. Owing to the vision, the company has been successfully assisting cities like Mohali, Chandigarh, Bilaspur, Patna, Ranchi, Bhubhaneshwar, Prayagraj, among others across India for which it has received appreciation from highest levels of government and honoured with many accolades for its initiatives.

For this new project in the thriving city of NOIDA, the company looks forward to resolving challenges pertaining to effective management of public works and city infrastructure with engineering-driven solutions while encouraging citizens to contribute towards sustainable development of NOIDA city.
